

SOUTH OKANAGAN 9am SUNDAY MORNING 2meter NET

This net is held under the auspices of the Penticton Amateur Radio Club using the Apex Mountain repeater on a frequency of 146.920mhz with a minus 600KHZ offset. The repeater is located south-west of Penticton, B.C. at an altitude of 2247 Meters (7372 Feet) above sea level.

Although this is a directed net, all amateurs who can reach this repeater are encouraged to check-in.

1. Your Net-controller this morning is _____, my name is _____, and my location is _____.
2. Is there any emergency or priority traffic?
3. Are there any reports of sick or injured Amateurs, or silent keys?
4. Swap and shop will be held at the end of the net. Please indicate when your name is called.
5. Your Net-controller for next week is _____.
6. Are there any net bulletins?
7. Are there any visitors or mobiles who would like to check in before getting out of range?
8. I will now take a few early check-ins for those who can't wait for the roll call.

And now the roll call (you can start anyplace and go in any order at your discretion)

Are there any late or missed?

.. Are there any items for swap and shop?

.. Is there any final business for the net?

.. Thank you for participating, the net is now closed and the frequency returns to general use.
